

Workplaces

Spaces for working well.

EDECS / RECEPTION / DESIGN VISUALISATION

Space for the way people work.

A workplace connects visitor arrival, shared activity and private discussion. Our selected designs show how furniture, enclosure and a consistent identity shape those settings.

01

Plan

Work areas, meeting spaces and visitor routes.

02

Character

A recognisable identity across different room types.

03

Coordinate

Furniture, partitions, lighting and building services.

EDECS

Shared work area / design visualisation

Reception / design visualisation

Work and welcome.

The repeated workstations establish a shared work area; reception creates a separate setting for visitors.

Smart Angles

Shared work area / design visualisation

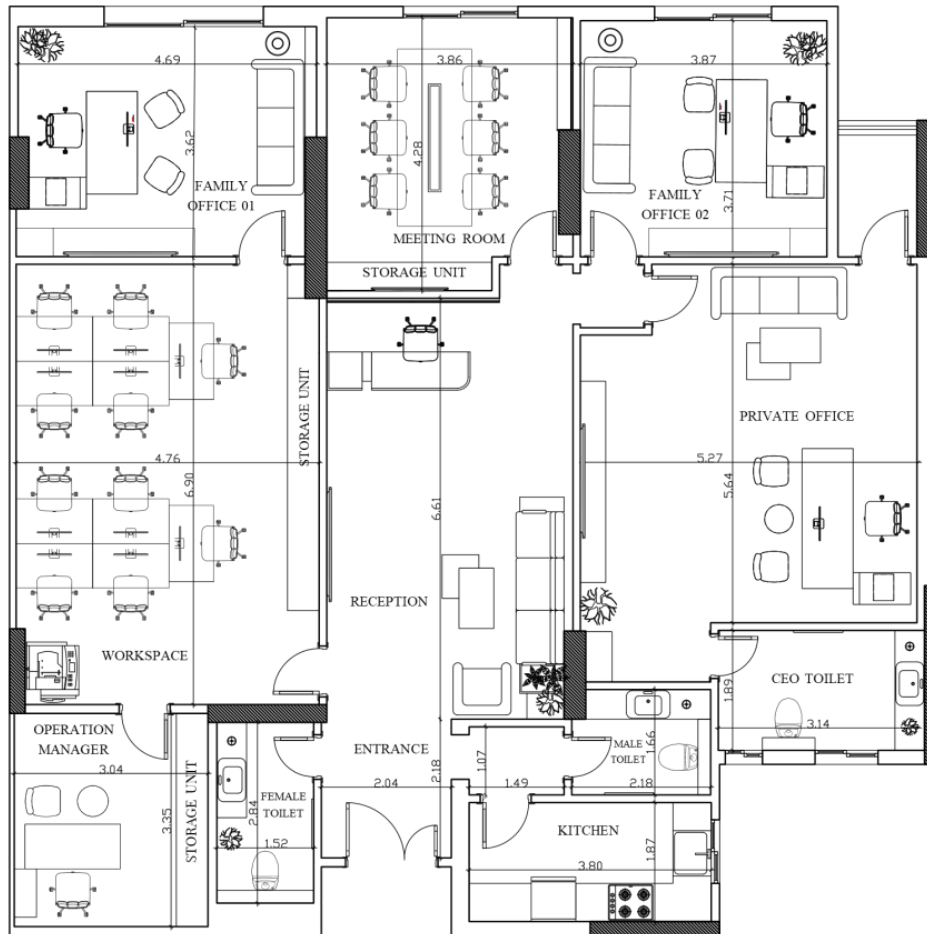

Branded workspace / design visualisation

One workplace identity.

Timber, pale finishes and storage connect the work settings. Archive design set / 13 July 2026.

Planning makes the difference.

Furniture option 04 / archived planning study

FURNITURE + ROUTES

Read workstations, meeting rooms and the routes between them as one arrangement.

Meeting setting / different archive design stage.
Not a matched final construction package.

Egytrans, Alexandria

Accounting office / design visualisation

Reception / design visualisation

The accounting workplace and reception use different furniture systems while repeating the company colour at key points.

Blue accents connect the reception identity with the shared workplace.

Sorouh

Meeting room / design visualisation

The meeting room provides an enclosed setting beyond reception. The pair shows the transition from arrival to discussion.

Reception / design visualisation

Evidence shown: visitor-facing rooms and meeting furniture arrangements.

El Shahawi Group

Team workspace / design visualisation

Shared work settings sit behind a distinct reception. Glass, framed partitions and furniture identify different zones.

Reception / design visualisation

The material palette distinguishes the shared work area from reception and informal seating.

From work settings to coordinated detail.

A project starts with
the right questions.

01 / PEOPLE + ACTIVITY

Confirm work settings, meeting needs and visitor movement.

02 / SPACE + SYSTEMS

Coordinate partitions and furniture with power, data and air conditioning.

03 / DELIVERY INFORMATION

Connect drawings, materials and agreed site-stage support.

Service scope, specialists, deliverables and site attendance are defined for each appointment.

Three complementary responsibilities.

Ahmed Abd Alkader

DESIGN LEADERSHIP

Design direction and the client dialogue.

Sami Halawa

CONSTRUCTION + PROJECT MANAGEMENT

Programme, coordination and site-stage decisions.

Hassan Abd El Kader

TECHNICAL DELIVERY + PROCUREMENT

Documentation, tendering, materials and procurement.

Specialist appointments and site attendance are defined to suit the agreed project scope.

What you see is what you get.

Let's discuss your people, workplace and project brief.
